shall no longer think i cannot do something because of my tinnitus.

shall not let it hold me back, I shall use it in every way possible, to remind me how short and fragile life is.

Sophie David, Australia "My most effective tinnitus treatment after 14 years!" Simon Healy, www.phanIT.com.

g "I have been suffering from tinnitus for almost a year now.

recently downloaded your 2-part London seminar from the internet and it has really opened my eyes.

am starting to think now that maybe the tinnitus is a sign that I need to make some major changes.

want to say thank you for your insight.

ou are an inspiration to me and I'm sure to many many others.

Michelle Beland, Worcester, Massachusetts "Paul, as much as it pains me to not seek an instant cure, that doesn't appear to exist anyway, I know your advice is the right path.

our voice resonates more clearly with me than any other I have found so far.

specially with regards to stress and anxiety, something I have had all my life.

Scott Cadillac "I will work on your suggestions and I think they are very good!! Thank you so

much! You are so right that this is a warning signal to change!! Thank you!!" Terri Franks "It was very inspirational to hear your audio about what has helped you heal.

'm going to use my tinnitus to help heal all aspects of my life as well.
